Allison,

My suggestion for wording the New Dvpt. & OSDS sections is attached. As discussed previously, and per the recommendations from our attorneys, we will include the interim approval rationales for these MMs in a separate document to the State, either on Jan. 30, 2015 or early in February.

Enjoy your long weekend...

Don

Subject: REVIEW: Text/Framework for Compiled Final Decision Doc

All--

I went ahead and updated the Dec 2013 proposed findings doc to transform it into a final findings doc. Please take a look and see what you think. I've left placeholders for us to plop in the final rationales for forestry-riparian, landslides, roads, pesticides, new devel and OSDS.

Remember, this doc with all the rationales should be circulating with Mngt and Legal Teams the **week of Oct. 20th** (just two weeks away!).

Also, just so you know, I'll be out next Thurs through Mon. Oct. 20th. I'll be sure to send around the latest version of the Response to Comments before I leave so you can input any final changes/additions to that doc from your various topic teams and get the package ready for circulation.

Allison
